Dear Bill:

It is difficult to express my emotions in writing relative to my gratitude for all that you have done in support of Project GO, Inc. and our Mission. A mere "Thank You" says it, but it does not really say it all!!

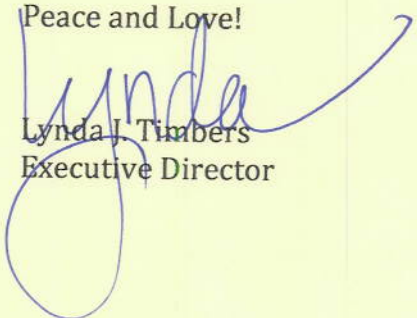

You are an amazing and rare individual in your world of Banking! I know that you must have the Banks' interests at the forefront, but I also know that you have made many efforts to work towards a mutual positive result, taking into consideration our long time banking relationship as well as our role in the community. I have shared my tale with many folks, and I have been repeatedly told that I am so very lucky to have found a Bank and a Banker so willing to work with this little non-profit organization.

You said it well in a recent communication – we must not forget that there are 100+ low-income families who will continue to have the support of their local Community Action Agency – but we need to add that they also have the support of TRI Counties Bank and Bill Reynolds. We could never have done it without you, and for that we will be forever grateful.

Please share my appreciation with your support team at TRI Counties Bank. I know that there are many hands that touched this deal, and I also know that each pair of hands left traces of their positive vibes. As they say, It Takes a Village, and the Villagers of Granite Bay TCB will definitely go down in the annals of Project GO as staunch supporters of our Mission and our desire to do some good for the folks who need a hand up.

Thanx for all that you do for us Bill. You are our Champion!!

Peace and Love!
