We will soon offer a new login experience for Trico Treasury Center, including the use of our Trico Token mobile app. The Trico Token mobile app provides additional security and a simpler, more convenient way to log in, including biometric authentication (Face ID) for quicker, more secure access.

In order to avoid interruption, please follow these simple steps.

Note: It is important to complete these steps **before** your transition date to ensure a seamless transition.

Step 1 Download the Trico Token mobile app on your phone.

Step 2 Complete the registration process for the Trico Token mobile app. Refer to the [Trico Token Mobile App Registration Guide](#) for detailed instructions.

Step 3 Have your Company ID and User ID readily available; this information will be required when you log in. Your Company ID is a unique code for all users within your company. Your User ID is unique for each user. To locate your Company ID and User ID, navigate to My Settings > My Profile:
